## **INDEPENDENT AUDITORS' REVIEW REPORT**

The Board of Directors and Shareholders  
Taiwan Steel Union Co., Ltd.

### **Introduction**

We have reviewed the accompanying consolidated balance sheets of Taiwan Steel Union Co., Ltd. (the "Company") and its subsidiary (collectively referred to as the "Group") as of June 30, 2023 and 2022, the related consolidated statements of comprehensive income for the three months ended June 30, 2023 and 2022 and for the six months ended June 30, 2023 and 2022, of changes in equity, and of cash flows for the six months then ended, and the related notes to the consolidated financial statements, including a summary of significant accounting policies (collectively referred to as the "consolidated financial statements"). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

### **Scope of Review**

We conducted our reviews in accordance with TWSRE 2410 "Review of Financial Statements". A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our reviews, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of June 30, 2023 and 2022, its consolidated financial performance for the three months ended June 30, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the six months then ended June 30, 2023 and 2022 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34 "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Shao-Chun Wu and Done-Yuin Tseng.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE SIX MONTHS ENDED JUNE 30, 2023 AND 2022 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise) (Reviewed, Not Audited)

---

### 1. GENERAL INFORMATION

Taiwan Steel Union Co., Ltd (the “Company”) was established in April 1995 and incorporated in August of the same year.

The Company’s main business is to dispose and reuse general industrial waste and hazardous industrial waste as well as manufacture and trade non-ferrous metal (zinc oxide) and non-metallic mineral products.

The Company obtained the permission document of treating electric arc furnace dust for general use since December 28, 2017. The Company’s shares have been listed on the Taiwan Stock Exchange (TWSE) since January 30, 2018.

The consolidated financial statements are presented in the Company’s functional currency, the New Taiwan dollar.

### 2. APPROVAL OF FINANCIAL STATEMENTS

The consolidated financial statements were approved by the Company’s board of directors on July 25, 2023.

### 3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRSs”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRSs endorsed and issued into effect by the FSC did not have material impact on the Group’s accounting policies.

- b. New IFRSs in issue but not yet endorsed and issued into effect by the FSC

<b>New IFRSs</b>	<b>Effective Date Announced by IASB (Note 1)</b>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture”	To be determined by IASB
Amendments to IFRS 16 “Lease Liability in a Sale and Leaseback”	January 1, 2024 (Note 2)

Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”	January 1, 2024
Amendments to IAS 1 “Non-current Liabilities with Covenants”	January 1, 2024

(Continued)

<b>New IFRSs</b>	<b>Effective Date Announced by IASB(Note1)</b>
------------------	--

Amendments to IAS 7 and IFRS 7 “Supplier Finance Arrangements” January 1, 2024  
 Amendments to IAS 12 “International Tax Reform - Pillar Two Model” Note 3

Note 1: Unless stated otherwise, the above New IFRSs are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: Sellers concurrently as lessees should apply the amendments to IFRS 16 retrospectively for sale and leaseback transactions entered into after the date of initial application of IFRS 16.

Note 3: Upon the issuance of the amendments, the exceptions and the disclosed applicable facts shall apply immediately and retrospectively in accordance with IAS 8. The remaining disclosure requirements are applied for annual reporting periods beginning on or after January 1, 2023, but not for any interim period ending on or before December 31, 2023

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact that the application of other standards and interpretations will have on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

#### **4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

##### **a. Statement of compliance**

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 “Interim Financial Reporting” as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

##### **b. Basis of preparation**

The consolidated financial statements have been prepared on the historical cost basis except for net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for an asset or liability.

##### **c. Basis of consolidation**

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e., its subsidiary).

When necessary, adjustments are made to the financial statements of subsidiary to bring their accounting policies into line with those used of the Company.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation.

See Note 10 and Tables 3 for detailed information on subsidiary (including the percentages of ownership and main businesses).

**d. Other significant accounting policies**

Except for the following, refer to the consolidated financial statements for the year ended December 31, 2022.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

2) Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period's pre-tax income the tax rate that would be applicable to expected total annual earnings.

**5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY**

The same critical accounting judgments and key sources of estimation uncertainty of consolidated financial statements have been followed in these consolidated financial statements as those applied in the preparation of the consolidated financial statements for the year ended December 31, 2022.

**6. CASH**

The average credit period of sales of goods is 60 to 90 days. No interest is charged on trade receivables. The Group adopted a policy of only dealing with entities that have good credit ratings and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group uses other publicly available financial information or its own trading records to rate its major customers. The Group obtains credit reports from independent rating agencies for those customers who have higher risk. The Group's exposure and the credit ratings of its counterparties are continuously monitored.

The Group measures the loss allowance for trade receivables at an amount equal to lifetime ECLs. The expected credit losses on trade receivables are estimated using a provision matrix approach considering the past default experience of the customer, the customer's current financial position, economic condition of the industry in which the customer operates. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished according to the Group's different customer base.

The Group writes off trade receivables when there is evidence indicating that the customer is in severe financial difficulty and there is no realistic prospect of recovery. For trade receivables that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

The following table details the loss allowance of notes receivable and trade receivables.

	<u><u>\$ 998,985</u></u>	<u><u>\$ 998,985</u></u>	<u><u>\$ 998,985</u></u>

Such capital surplus may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Company's capital surplus and to once a year). Expired employee share options can only be used to offset a deficit.

### c. Retained earnings and dividends policy

Under the dividends policy as set forth in the Articles, where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as legal reserve 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for the distribution of dividends and bonuses to shareholders. According to the Article 240-5 of the Company's Articles, if two thirds of directors or more attended the meeting and over half of the directors who attended approve the resolution, the Company may authorize the board of directors to appropriate part or of all of the accrued dividends or bonuses, by cash, and a report shall be submitted to the shareholders' meeting. For the policies on the distribution of compensation of employees and remuneration of directors, refer to compensation of employees and remuneration of directors in Note 18-d.

In addition, under the dividends policy set forth in the Articles, the Company may distribute dividends in cash or shares. If the Company decides to distribute in cash, in principle, the cash dividends shall not be lower than 10% of share dividends.

Appropriation of earnings to legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset deficit. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

The appropriations of earnings for 2022 and 2021 which have been approved in the shareholders' meetings on May 30, 2023 and May 26, 2022, respectively, were as follows:

	<u>Appropriation of Earnings</u>		<u>Dividends Per Share (NT\$)</u>

## 22. CAPITAL MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as going concerns while maximizing the return to shareholders through the optimization of the debt and equity balance.

The capital structure of the Group consists of net debt (borrowings offset by cash and cash equivalents) and equity of the Group (comprising share capital, capital surplus, and retained earnings).

Key management personnel of the Group review the capital structure on a regular basis. As part of this review, the key management personnel consider the cost of capital and the risks associated with each class of capital. Based on recommendations of the key management personnel, in order to balance the overall capital structure, the Group may adjust the amount of dividends paid to shareholders, the number of new shares issued, and the amount of new debt issued or existing debt redeemed.

The Group is not subject to any externally imposed capital requirements.

## 23. FINANCIAL INSTRUMENTS

### a. Fair value of financial instruments not measured at fair value

The management personnel of the Group determined that the carrying amount of financial assets and financial liabilities not measured at fair value approximates to their fair value or their fair value is unable to be measured reliably.

### b. Categories of financial instruments

	June 30, 2023	December 31, 2022	June 30, 2022
<u>Financial assets</u>			
Financial assets at amortized cost (1)	\$ 907,447	\$ 1,391,775	\$ 1,001,137
<u>Financial liabilities</u>			
Financial liabilities at amortized cost (2)	415,156	329,443	431,225

- 1) The balances included financial assets measured at amortized cost, which comprise cash, financial assets at amortized cost, notes receivable, trade receivables(include related party), other receivables, refundable deposits, and other financial assets.
- 2) The balances included financial liabilities measured at amortized cost, which comprise short-term borrowings, notes payables, trade payables(include related party), other payables and guarantee deposits received (recognized as other non-current liabilities).

### c. Financial risk management objectives and policies

The Group's major financial instruments include cash, trade receivables, trade payables, and borrowings. The Group's corporate treasury function provides services to the business, coordinates access to domestic and international financial markets, and monitors and manages the financial risks relating to the operations of the Group through internal risk reports which analyze exposures by degree and magnitude of risks. These risks include market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk.

The corporate treasury and sales function report regularly to the management personnel of the Group. The management personnel oversee the impact of the financial risks.

1) Market risk

The Group's activities exposed it primarily to the financial risks of changes in foreign currency exchange rates (refer to (a) below) and interest rates (refer to (b) below).

There has been no change to the Group's exposure to market risks or the manner in which these risks are managed and measured.

a) Foreign currency risk

The Group have foreign currency denominated sales, which exposes the Group to foreign currency risk.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities are set out in Note 27.

Sensitivity analysis

The Group is mainly exposed to the USD. The following table details the Group's sensitivity to a 1% increase and decrease in New Taiwan dollars (i.e., the functional currency) against USD. The sensitivity rate used when reporting foreign currency risk internally to key management personnel and representing management's assessment of the reasonably possible change in foreign exchange rates is 1%. The sensitivity analysis included only outstanding foreign currency denominated monetary items, and adjusts their translation at the end of the period for a 1% change in foreign currency rates. A positive number below indicates a decrease in pre-tax profit with the New Taiwan dollars strengthening 1% against USD. For a 1% weakening of the New Taiwan dollars against USD, there would be an equal and opposite impact on pre-tax profit, and the balances below would be negative.

	<b>For the Six Months Ended June 30</b>	
	<b>2023</b>	<b>2022</b>
Profit before income tax	\$ 8	\$ 554

b) Interest rate risk

The Group is exposed to interest rate risk because entities in the Group borrow funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix of fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetites ensuring the most cost-effective hedging strategies are applied.

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the year were as follows:

	<b>June 30, 2023</b>	<b>December 31, 2022</b>	<b>June 30, 2022</b>
Fair value interest rate risk			
Financial assets	\$ 407,432	\$ 407,432	\$ 7,432
Financial liabilities	245,000	195,000	295,000

	<b>June 30, 2023</b>	<b>December 31, 2022</b>	<b>June 30, 2022</b>
Cash flow interest rate risk			
Financial assets	370,433	800,179	825,244

#### Sensitivity analysis

The sensitivity analysis below was determined based on the Group's exposure to interest rates for both derivative and non-derivative instruments at the end of the year. For floating rate liabilities, the analysis was prepared assuming the amount of each liability outstanding at the end of the year was outstanding for the whole year. A 1% increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 1% higher and all other variables were held constant, the Group's per-tax profit for the six months ended June 30, 2023 and 2022 would have increased by \$1,852 thousand and \$4,126 thousand, respectively, which was mainly a result of bank deposits with floating.

#### 2) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. At the end of the year, the Group's maximum exposure to credit risk, which would cause a financial loss to the Group due to failure of counterparties to discharge its obligations and due to the financial guarantees provided by the Group, could be equal to the carrying amount of the respective recognized financial assets as stated in the balance sheets.

The Group adopted a policy of only dealing with creditworthy counterparties. In order to minimize credit risk, based on the Credit Management Guidelines, the management of the Group has delegated a team responsible for determining credit limits, credit approvals, and other monitoring procedures to ensure that follow-up action is taken to recover overdue receivables. In addition, the Group will review the recoverable amount of the receivables on the balance sheet date to ensure that the unrecoverable receivables have been properly set aside for impairment losses. Accordingly, the management of the Group believes that the credit risk has been significantly reduced.

The Group assesses the financial positions of the customers with trade receivables continuously.

#### 3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

#### Liquidity and interest rate risk tables for non-derivative financial liabilities

The following table details the Group's remaining contractual maturities for its non-derivative financial liabilities with agreed upon repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. Specifically, bank loans with a repayment on demand clause were included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities were based on the agreed upon repayment dates.

Note 1: 1) Taiwan Steel Union Co., Ltd. is numbered 0.

2) Subsidiaries are numbered starting from 1.

Note 2: The relationship between endorser/guarantor and the endorsee/guarantee can be classified into the following four categories:

- 1) The companies with which it has business relations.
- 2) Subsidiaries in which the company held more than 50% of its total outstanding ordinary shares.
- 3) The companies in which the parent company and the subsidiary together held more than 50% of its outstanding ordinary shares.
- 4) The parent company which held, directly or indirectly through a subsidiary, more than 50% of its outstanding ordinary shares.

Note 3: The maximum amount of the endorsements/guarantees provided by the Company and its subsidiary shall not exceed 50% of the Company's net assets as stated in its latest financial statement. Endorsements/guarantees provided by the Company to a single enterprise shall not exceed 49% of the Company's net assets as stated in its latest financial statement.

Note 4: The ending balance and actual amount used are recorded using the prevailing exchange rate at balance sheet date.

Note 5: According to the Company's Guideline for Endorsements and Guarantees, the maximum amount of the endorsements/guarantees is based on the Company's net assets as stated in its latest audited (reviewed) financial statements. In June 2023, the Company announced that the Company's maximum amount of the endorsements/guarantees to a single enterprise is \$1,809,196 thousand and the maximum amount of the endorsements/guarantees is \$1,846,119 thousand. Because the consolidated financial statements for the six months ended June 30, 2023 have not been audited, these amounts were based on the financial statements for the three months ended March 31, 2023. Thus, there is a difference in between.
